To Professor Mitko Georgiev
Rector University of Chemical
Technology and Metallurgy

Sofia, Bulgaria

Dear Prof. Mitko Georgiev!

We would like to express our gratitude for long-lasting and fruitful collaboration with the University of Chemical Technology and Metallurgy, Sofia. Your constant assistance in the implementation of the joint academic program for training Master Degree students “Lean Production Engineering for Basic Organic and Petrochemical Synthesis” in cooperation with Kazan National Research Technological University increases the quality of training engineers for Oil, Gas and Chemical Industry in Russia and in the Republic of Tatarstan. Academic trainings for the students and professors of KNRTU provided at the University of Chemical Technology and Metallurgy, Sofia make a great contribution to the personal and professional development of trainees. New practices to the organization and the content of the educational process are adopted due to the development of partnership between the universities.

We are looking forward to continuing our cooperation within the future joint projects.

Best regards,
Rector

Sergey Yushko
